Hear the news on:

- Our Strategic Plan
- The Museum
- Beautification
- Big Tout
- Webcam
- OA Boat Ramp
- Chamber News

Chamber AGM

Monday 8th March

Adaminaby Memorial Hall at 7pm

Come and join us to elect a new committee for the coming year. New takers are needed to progress the town and region.

Things for the Future

We are looking for ways to encourage and accommodate 'Grey Nomads' who are proving an important tourist resource. We need to provide places for them to stop for a break and have easy access to sillage.

Getting information about what is going on out there via the Chamber is now accessible by going to our website. Look there for business updates including new rules, support, educational and grant possibilities.

Our Vision. As economic development and healthy communities are intertwined, we work to create policies and an environment that support local businesses
